APPENDIX I: FORMAL RESPONSES AND ACTION PLANS

As part of our protocol, we requested the CAO, General Services, and Building and Safety to provide an action plan to recommendations contained in this Review. Their respective action plans are presented in this Appendix. We thank City staff and management for their time and cooperation during this Review.
DATE: February 19, 2019

TO: Ron Galperin  
City Controller

Attn: Bob Wingenroth, Director of Auditing

FROM: Frank M. Bush, General Manager  
Department of Building and Safety

SUBJECT: DEPARTMENT OF BUILDING AND SAFETY’S RESPONSE TO THE CONTROLLER’S “DRAFT REPORT ON ACTIONS TAKEN TO ADDRESS RECOMMENDATIONS”

The Department appreciates the time and effort the Controller’s Audit team has put into its “special review” and subsequent draft report titled: Preventing Fraud and Abuse in Information Technology Contracts. The Report was submitted to the Department on February 8, 2019, we have reviewed it and concur with the overall recommendations contained in the Controller’s draft review.

Additional information and requested clarification relative to the draft report for the Special Review is included in the attachment titled “Status of Draft Audit Recommendations.” Should you have any questions or if additional information is needed please contact Steve Ongele, Chief of Resource Management Bureau, at (213) 482-6703.

Attachment:
Status of Draft Review Recommendations

FMB:oy:sc:amy:zd
To enhance management oversight and control, Building and Safety:

1. Implement policies and procedures that professional services (e.g., general consulting, application development, and programing services) are not permitted to be procured through the City's IT commodity contracts, to correspond with the Los Angeles City Charter and Administrative Code and the related IT commodity contracts.

2. Require the use of budgets and work orders for defined IT projects. The work orders should be used to track all employee time (costs), product costs, and any professional service costs incurred for these IT projects.

3. Implement a process in which its General Manager reviews and approves for all transfers or repurposing of Technology Services' approved Systems Development Budget line items (over an established dollar threshold) with written justification to support the rationale for the transfer or repurposing request.

4. Establish formal performance metrics to monitor the implementation (including associated costs) of defined, large-scale IT projects.

5. Require a short narrative to be included in Technology Services overtime reports to justify the operational need for overtime and monitor trends in overtime usage.

6. Send an annual reminder to all Building and Safety employees to report any outside business activities. Any reported outside business activities should be reviewed, approved, and acknowledged by management, ensuring that the activities do not represent a potential conflict of interest.

7. Establish a IT contracted staff selection committee comprised of the new Assistant General Manager at Technology Services, the Resource Management Assistant General Manager at Resource Management, and Building and Safety's Personnel Director (or their designees) to ensure new requests for Technology Services contracted staff are justified; and resume reviews, interviews, and selections are conducted in a fair and objective manner, with the most qualified contracted staff selected. The resumes and interview evaluation sheets completed by this selection committee should be retained and filed by Resource Management to ensure supporting documentation is retained in a centralized location.

8. Require IT contracted staff who have access to confidential or sensitive information to undergo a background check.

To increase budget and fee transparency, Building and Safety:

4. Re-evaluate Technology Services' System Development Budget line items to ensure planned expenditures are justified and based upon operational needs.

5. Complete a detailed study of all fees resulting in revenues deposited into the Building Permit Enterprise Trust Fund, to ensure the fees, including the Building Valuation Table, are properly supported and based upon estimated reasonable costs of providing the services rendered.

6. Submit updated fees, including any updates to the Building Valuation Table, to the City Council for review and approval.

7. With the assistance of the CAO, dedicate the Special Fund's entire Departmental appropriation to the Building and Safety budget, and present all detailed expense categories as part of Building and Safety's budget.

<td>II. Strengthening Citywide Policies and Controls</td>
<td>2</td>
<td>To strengthen Citywide policies and controls, General Services Department:</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>a) Provide periodic reminders to all City employees responsible for procuring, receiving, or processing payments for IT commodities on what is permitted and not permitted to be purchased through the City’s IT commodity contracts.</td>
<td>GSD will provide periodic reminders to City employees for procurement specific to IT commodities.</td>
<td>I</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>b) Work with the City Attorney to include a limit within the City’s IT commodity contracts for the maximum percentage of installation and maintenance services (if any) that can be associated with IT product purchases.</td>
<td>GSD will discuss the recommendation with the City Attorney’s office to determine if including a limit on the maximum percentage of installation and maintenance services on commodity contracts is in the best interest of the City.</td>
<td>NYI</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>c) Submit an annual information report to City management, including both the Information Technology and General Services Subcommittee and the Budget and Finance Subcommittee of City Council, listing amounts expended by departments through the City’s IT commodity contracts.</td>
<td>GSD will develop and submit a report to the Information Technology, and General Services (ITGS) Committee in the first quarter for prior fiscal year IT contract expenditures. The ITGS Committee can refer questions to the Budget and Finance Committee for appropriate disposition. Each Department is responsible for specific details related to expenditures listed on the report if requested by Council.</td>
<td>NYI</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>d) Institute a policy requiring City departments to upload supporting documents into FMS related to the receipt of products, installation services, or software and hardware maintenance being paid through any IT commodity contract, further verifying that the items are authorized by the underlying IT commodity contract.</td>
<td>GSD will review system capabilities and role attributes within the FMS Procurement module to determine feasibility. GSD will develop procedures and conduct system testing, and will coordinate implementation through the Information Technology Policy Committee working group, with a target implementation date of January 1, 2020. Once implemented, Departments are responsible for monitoring, compliance and validation of supporting documentation.</td>
<td>NYI</td>
<td></td>
<td></td>
</tr>
<tr>
<td></td>
<td></td>
<td>e) Work with the City Attorney to ensure all IT commodity contracts contain consistent emphasis language that: 1) explicitly states professional services, such as general consulting and all forms of IT application development and programming services are not allowed to be procured through IT commodity contracts; and, 2) the City, including the Controller’s Office, have the right to complete audits to verify contract compliance and that the contractor will provide the necessary information to complete these audits.</td>
<td>2.e.1 GSD will work with the City Attorney to review contract terms and conditions and strengthen if appropriate. 2.e.2 GSD will work with the City Attorney to review current terms and conditions including amending terms and conditions to require vendors to retain records at no cost to the City for the Contract term plus 5 years.</td>
